PARTNERSHIP

Who are we?

Langham Partnership is an evangelical global fellowship working in pursuit of the vision entrusted to John Stott – to raise up a new generation of biblical leaders for **growth** with **depth** in the **global** church.

- Committed to the fundamental truths of historic biblical Christianity.
- Global and interdenominational.
- Serving in and supported by a growing community of countries in every continent.

Who are we?

To see churches in the Majority World **equipped** for mission and **growing to maturity** in Christ through the ministry of pastors and leaders who believe, teach and live by the Word of God.

Vision

The term Majority World refers in very broad terms to Africa, Asia and Latin America. It reflects the essential fact that living in these regions are the majority of the world's population and of the world's Christians.

Vision

To strengthen the ministry of the Word of God through:

1. Nurturing national movements for training in biblical preaching (Langham Preaching).
2. Multiplying the creation and distribution of evangelical literature (Langham Literature).
3. Strengthening the theological training of pastors and leaders by qualified evangelical teachers (Langham Scholars).

Mission

The ministries of the Langham Partnership are all based on a set of core convictions, clearly articulated by John Stott and summarised below, which he called the “Langham Logic.”

1. God wants his church to grow up to maturity.
 2. The people of God grow through the Word of God.
 3. The Word of God comes to people mainly (not exclusively) through biblical preaching.
-

The Langham Convictions

Theological educators must re-centre the study of the Bible as the core discipline in Christian theology, integrating and permeating all other fields of study and application. Above all, theological education must serve to equip pastor-teachers for their prime responsibility of preaching and teaching the Bible.

(IIF.4.d)

The Cape Town Commitment

- Global movement of partners committed to a common vision, mission and values.
- 6 national partners: Australia, Canada, Hong Kong, New Zealand, the UK and Ireland, and the USA.
- More recently, a steadily growing number of indigenous Langham movements are being embraced as full national partners

Partnerships

Langham Literature

- Langham Literature has become one of the main sources of evangelical books for pastors, college and seminary staff, libraries and students in the Majority World.
- Our strong relationship with many publishers enables us to offer hundreds of important theology books at affordable prices.

In the Majority World

- We can help colleges and seminaries to obtain needed resources.
- We can help writers by giving them coaching, financial support and broader visibility.
- We can help publishers to enhance the quality of their list.

How we can help

In the rest of the world

We can help by making publications from the Majority World available worldwide so that the whole church can benefit from the gifts God has given to scholars and writers.

How we can help

The Problem

Books play an essential part in our growth towards maturity in Christ. Yet Christians in the Majority World still have to rely largely on books by Western authors, in English or in translation.
