

"Innovation in Theological Education", the theme of ABTEN's June 2021 conference, is essential in order to train faithful and dynamic ministers of the gospel for the rapidly growing church in Africa.

In addition to training, there is a critical need for tools and resources that speak to the hearts of the people that ministers are called to serve within the continent of Africa.

We invite you to join Oasis International's President, Dr Matthew Elliott, as he shares on the unique discipleship resources that Oasis produces to address the discipleship needs of Africa for your ministry.

The Why, How, and What of "Satisfying Africa's Thirst for God's Word:" Resources to address the discipleship needs of Africa for your ministry.

Presented by Dr Matthew Elliott

Friday, 11 March 2021 | 3:30pm-4:00pm East Africa Time (GMT +3)

Oasis is excited to help you meet your ministry's needs.
